

June 8, 2006

Dear Referring Professionals,

We are proud to announce two additions to our Senior Leadership Team. Our new Director of Admissions is Lawrence H. Muttly. Many of you know and respect Larry from his work as Admissions Director of the F. L. Chamberlain School. Larry joins us June 26.

Dan Verdery, twenty years with Stoneleigh-Burnham School as head of the English Department and lately Director of Development of Hoosac School, joins us August 1 as Academic Director.

The balance that these two seasoned professionals add to our program is really an accurate reflection of the strength of Bromley Brook School. Larry has a strong clinical background while Dan is a traditional boarding school academician.

We are looking forward to them joining our team.

Sincerely,

Laura S. Mack  
Executive Director
