Silverado Boys Ranch is an owner-operated therapeutic boarding school for boys, ages 13-17. We offer a unique curriculum that balances emotional growth with purposeful work projects and physical challenges. The walls of our classroom extend to the great outdoors, as we combine academics, therapy, and recreation in an ideal setting. We offer a private year-round school with open enrollment for grades 7-12. We are committed to promote healing and hope for our students and their families through the development of healthy choices and healthy relationships.

We are now accepting student applications for enrollment.
